5. Read memorandum from the Assessor and Collector of Municipal Taxes, relating to the collections of assessment on all houses, buildings and land within the Municipal limits.

Resolution.—Although the Regulations undoubtedly authorize the annual rate due on houses to be levied from and after the end of the first quarter of the year, the Board taking into consideration that the present practice of collecting these rates half-yearly in arrears has worked well, and that any changes now introduced may tend to misconception and be misunderstood by the public at large, resolve that the practice of collections now in force be continued.
